CAREER PATHWAYS

Receive a diploma certification, gain direct hiring opportunities with OrangeVFX and partners, and benefit from an 80%+ placement rate.

SUPPORT SYSTEM

Vibrant Discord community for networking with alumni support and job referrals

COURSE OVERVIEW

REATE MOTION GRAPHICS AND BASIC VISUAL EFFECTS IN 4 WEEKS

Our Motion Graphics course is appropriate for novice users of After Effects or for those working or wishing to work in the video field, or for Adobe users wishing to expand their skills in video effects. This class covers the core concepts and skills necessary to excel in motion graphics animation and visual effects, as well as advanced approaches and techniques. In this course, students will create compositions applying motion and animated effects to media elements, create transparency in layers using mattes, masks, and stencils, animate objects in 3D space, and much more. After taking this class students will be able to create visual effects for use in web video and podcasts, broadcast television, and even film. If you are a graphic professional who wants to enhance your motion editing and compositing or experienced users, you will also benefit from the many tips and tricks and special exercises.

DURATION

4 weeks + free 30-day mentorship

SCHEDULE

Weekdays (9am–12pm)/Saturdays (10am–3pm)

MODE

Physical or Online

COURSE OUTLINE

1 INTRODUCTION TO STORYTELLING

- Story Lecture: Once upon a time... Story is King
- Three parts of a great story (Introduction, Build up and Resolution)
- Storyboard

2 INTRODUCTION TO ACTING

- What is acting? Playing a role
- Improvising with Voice and speech
- Continuity
- Body Mechanics
- Pantomiming

3 PRINCIPLES OF ANIMATION AND KEYFRAMING

- 12 Principles of Animation (Overshoot, anticipation, secondary motion etc)
- 2D planning process (sketch a basic storyboard)
- Paths of Actions
- Setting up basic keyframes
- Introduction to Timeline and range slider
- Animating simple objects (bouncing ball)
- Playblast for review
- Using graph editor to perfect motion
- Animating with physics: bouncing ball & obstacle course
- Homework – Students will practice the basic principles on simple objects

4 CHARACTER ANIMATION

- Getting inspiration from references
- Referencing a rig
- Creating Poses with emotion (face and body)
- Posing: Weak vs Strong Poses, Line of Action, Weight, Centre of Gravity, Balance
- Working in passes (block, spline & polish)
- Walk/run/jump cycle animation starting with the blocking pass
- Doing additional animation passes
- Polishing of walk/run/jump animation with a focus on the principles of animation
- Homework Student exercises include walk, run cycle and primary facial expression.

5 BODY MECHANICS

- Getting inspiration from references
- Weight, Centre of Gravity, Balance
- Working in passes (blocking and splining)
- Doing additional animation passes
- Bi-pedal character movement
- Basic Quad-pedal or four legged movement
- Homework Student exercises include Heavy Lift, walking and running

COURSE OUTLINE

6

PANTOMIMING

- Fine tuning your acting
- Overlapping actions
- Offset body parts
- Acting through pantomime
- Dealing with intense physical action shots with Weight pushes, pulls and lifts

7

FACIAL ACTING AND LIP SYNC

- Making the right acting choices
- Facial Animation
- Lip synchronization techniques
- Student to act or choose a reference shot (12 seconds or less) for their portfolio

8

POLISHING

- Tuning your shots
- Working with continuity across cuts
- Planning and blocking process for a substantial length of dialog
- Improve believability and appeal

9

PORTFOLIO AND REEL DEVELOPMENT

- What is Portfolio vs Reel?
- Project – Student must work on their character project for their reel and final assessment.
- Putting It All Together/Work Day using
- Premiere Pro or any simple editing software
- Adding Sound Effects and music
- Finishing and exporting the final 12 sec video
- Instructors will review the finished piece for their portfolio, and students will be graded.

10

PROJECT, MENTORSHIP AND ASSESSMENT

- Instructors will review and grade the finished piece for their portfolio
- Final viewing party: Kick back, relax, and watch student reel

SOFTWARE & TOOLS

REQUIRED SOFTWARE

- After Effects + Mocha.
- **Discord:** (mentorship & community)

SYSTEM REQUIREMENTS

Students should bring their laptops, which should meet or exceed the following hardware configurations:

- Windows® 11, Windows® 10, or macOS 10.14+
- 64-bit Intel or AMD multi-core processor
- Minimum 8 GB of RAM (16 GB or higher recommended)
- 16 GB of free disk space for installation
- Qualified hardware-accelerated
- OpenGL® graphics card
- Dedicated 3-button optical mouse

GENERAL REQUIREMENTS

- Basic knowledge of the Windows/Mac operating system is required.
- Commitment to learning, positive and creative mindset
- Reliable internet (for online students and mentorship)

LEARNING MODES & FORMATS

PHYSICAL CLASSES

- Traditional classroom setting
- Direct interaction with instructors
- Access to campus facilities
- Peer collaboration opportunities

ONLINE LEARNING (LIVE)

- Join physical classes virtually
- Real-time feedback
- Discord-based community
- Screen sharing capabilities

BESPOKE TRAINING

- Self-paced learning
- Customized curriculum
- Flexible scheduling
- Additional mentorship options
- Additional fees apply based on requirements

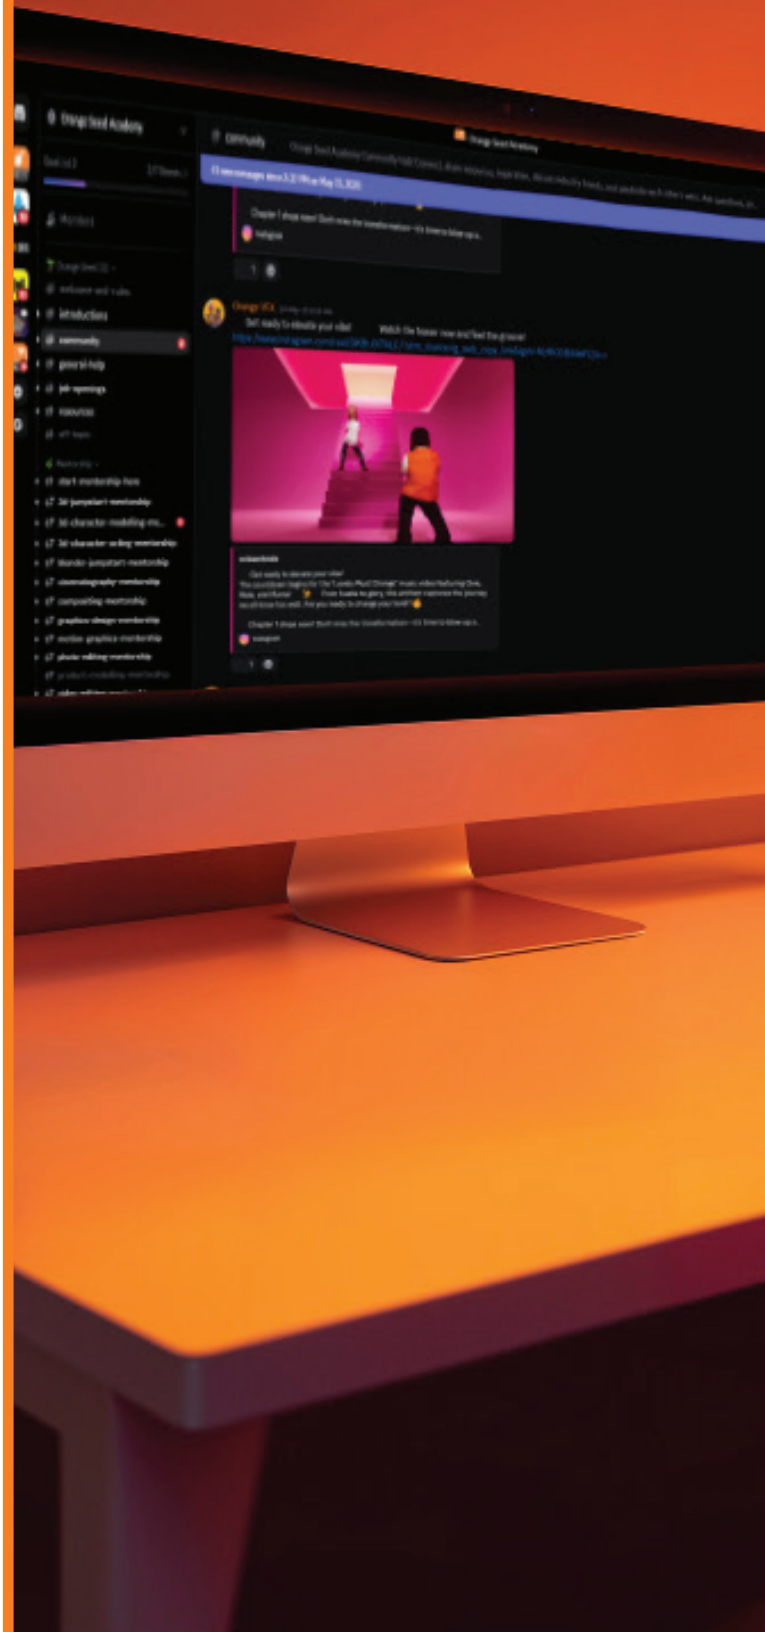

MENTORSHIP & DISCORD COMMUNITY

PROGRAM FEATURES

- Weekly one-hour dedicated feedback sessions
- 10+ real-world project examples
- Discord-based communication
- Screen sharing for real-time guidance
- Daily practice requirements (3 hours minimum)

MENTORSHIP GOALS

- Portfolio development
- Industry workflow mastery
- Soft skills enhancement
- Network building
- Career preparation

STUDENT RESOURCES & SUPPORT

LEARNING RESOURCES

- Industry-standard software access
- Project templates and guides
- Online learning materials
- Technical support

COMMUNICATION & UPDATES

- Automated email notification system
- Progress tracking
- Feedback forms
- Accommodation assistance
- Discord community access

FACILITIES & TOOLS

- Computer labs (for physical classes)
- Software access
- Project management tools
- Version control systems

CAREER SUPPORT & ALUMNI NETWORK

CAREER SERVICES

- Portfolio development
- Job placement assistance
- Industry networking events
- Interview preparation

ALUMNI NETWORK BENEFITS

- Discord-based community
- Job opportunity notifications
- Student film collaborations
- Industry event updates
- Festival information
- Continuous learning resources

UPCOMING FEATURES

- Online job portal (in development)
- Enhanced alumni tracking system
- Expanded partner network

A dark, textured background, possibly a book cover or folder, with a yellow label that reads "job search". The label is tilted and has a slight shadow, giving it a three-dimensional appearance. The background is a deep charcoal or black color with a fine, grainy texture.
